WHAT

Taught by CPT Teaching Artist and CAN Academy Site Coordinator, Zyrece Montgomery and CPT Supporting Teaching Artist, Patrick Warner, *Stitching the Story of Us* is an in-person, after-school theatre program where youth will build original stories centered around family traditions and history—stitching together snapshots of life that create the fabric of our relationships with loved ones. This session is a devising workshop that provides a platform for youth to share their stories and uplift the moments in life that are built around celebration and love. Youth will strengthen their confidence in storytelling and presentation skills. This second fall session culminates in an in-person showcase of the original work that the young artists create. CAN Academy performing arts activities improve academic skills, instill empathy and responsibility, build character, and enhance creative thinking.

This program is offered at NO COST thanks to the Cleveland Foundation. All classes are in person on-site at Cleveland Public Theatre. Young artists must be masked and follow our health and safety protocols.
